HICKS FOR OCTOBER.

Change to warmer with falling baroneter and growing cloudine sa s early sa the 1st and 2d. During Tuesday, Wednesday and Thursday, the 3d, 4th, 5th, these conditions will advance enstwardly across the country, causing rain and autumnal storminess over most parts lying along and near the paths of storm

Saturday, Sunday and Monday, the 7th, 8th, 9th, are reactionary storm dates. On these days there will be decided return of storm conditions. Storm cor. ditions are: falling and low barometer, easterly to southerly winds, rising temperature, and growing cloudiness.

The next regular storm period is cen-tral on the 14th, covering the 13th to the 17th. Marked depressions of the barometer and other evidences of gathering storms will appear to the westward as early as the 13th, and during the days as early as the 13th, and during the days next following up to the 16th or 17th very decided autumnal storms will visit most parts of this and other continents. Autumnal lightning and thunder may come with the first stages of these storms, but gales out of the north, with severe dashes of sleet and snow northward, may reasonably by counted upon at this

The reactionary storm period, central on the 19th, 20th and 21st coming as it does near the close of the Mercury period will most likely taken will most likely take up the Mercury characteristics by prolonging the tendency to cloudiness, cold, rain and sleet.

The last regular Vulcan storm period for October extends from the 24th to the

29th, being central on the 26th. Change to much warmer, with a decided fall of the barometer, will be noted in western sections by the 24th and 25th. These conditions will be quickly followed by cloudiness, storm and precipitation. By Thursday, the 26th, decided storms, at tended by heavy rains, autumnal light-ning and thunder, will be developed and you prefer, but you will find life on their eastward march across th

These storms will reach their crisi pains with that great, modern and culminate in much force on and touching the 28th. As the month goes pain remedy, HAMLINS out a reactionary storm period will be in its first stage—the barometer will be fall-ing in the west with change to warmer and gathering clouds. This period will express itself in more or less storm and disturbed weather conditions during the opening days of November.
